

Halabala/2015 / 11th YEAR

PROFESSOR JINDŘICH HALABALA AWARD

Ladies and gentlemen, dear friends of design,

we would like to invite you to the 11th International Student Competition, "Professor Jindřich Halabala Award." In the competition can participate university students studying designer study branches aimed at furniture and interior design with their projects. The 9th year of the competition in 2013 was opened for the first time also for the participants from other countries of the European Union. Awarded projects were introduced and exhibited during the year 2014 in five European countries.

The 11th year of the competition offers in its 5th non-competitive category also an opportunity for young designers, artists and PhD. students to present their projects and creations by means of site-specific installations.

The assessment of the first round will be conducted electronically. Participants of the competition will be informed about the results via email and they will be provided further information about models and posters delivery. Projects will be assessed by a professional jury. Selected competition projects will be exhibited in the premises of the Slovak National Gallery at the Zvolen Castle within permanent expositions. The results of the competition will be published in the specialised press and promoted in the media.

We would like to ask for preliminary confirmation of your's school participation in the 11th year of the International Student Competition, "Professor Jindřich Halabala Award."
